

## **SUMMER DISCOVERY - 2008!**

Young Historians, Artists, and Scientists -  
Join the Peterborough Museum & Archives for another  
Summer of Discovery!

Featuring 8 different week-long programs offered for children ages 5 to 12.

### **SPACE ACADEMY**

July 7 to 11 – AM and PM / for ages 6 to 10 / instructor: Peter McMahon

Space Academy blasts off! Get into the action with all-new hands-on games and activities. Plus build and launch your own model-rocket!

### **PERFORMING ARTZ**

July 14 to 18 – Full Day / for ages 5 to 11 / instructor: Cheri Verge

An exciting week of movement, role-playing, improv games, story-telling, puppet and mask-making, set-painting, skit-writing and performance.

### **MILLY MERMAID'S MAGNIFICENT SCHOOL FOR PETS**

July 21 to 25 / AM and PM / for ages 5 to 12 / instructor: Michele Karch-Ackerman

Join Milly Mermaid at her magnificent school for pets! Create your very own mermaid pet and celebrate the world of mermaids in an enchanted week of creativity in art.

### **ARCHAEOLOGY**

July 28 to Aug. 1 / AM and PM / for ages 6 to 9 / instructor: Dave Cox

Get the dirt on archaeology, learn how archaeologists work. Excavate artifacts, reassemble objects and learn about the past. Be a time detective by finding and following clues to understand the past.

### **SPECTACULAR SUMMER SCIENCE**

Aug. 5 to 8 (four days \$55) / AM and PM / for ages 6 to 9 / instructor: Amy Barron

Make your own volcano, shoot lemon juice rockets, and build all sorts of strange structures. Examine real animal skulls and use a microscope. It's summer science fun!

### **TIME TRAVELLING**

Aug. 11 to 15 / AM and PM / for ages 6 to 9 / instructor: Dave Cox

Spend a week traveling through time! Learn how Ancient Egyptian mummies were prepared. See the world through the visor of an old knight. Explore the Great Wall of China and discover its secrets. Each day you will play games, make crafts and learn the stories from a different era of the past.

*Continued page 2....*

### **FUNKY FAIRY FASHIONS**

Aug 18 to 22 / AM and PM / for ages 5 to 12 / instructor: Michele Karch-Ackerman  
Join a world of magnificent machines that move. Construct your own helicopter, be a train conductor or even a bulldozer!

### **SCIENCE AND ART**

Aug. 25 to 29 / Full Day / for ages 5 to 11 / Instructor: Cheri Verge  
Exactly what it sounds like! Linking art techniques to the world around us. Explore Space, Earth, Animals, Insects, Water, Weather, Light and Colour, Magnetism, Structures and Air while using really cool art materials to make striking crafts.

Each program runs for one week (4 -5 days) and is available for either morning or afternoon sessions, (3 hours each day). Performing Artz and Science and Art are both full day programs (6 hours each day). Cost is \$65 per child with reductions for multiple bookings (City subsidies available), or \$140 for full day programs. Pre-registration is required. Instructors are artists, scientists and educators supported by a team of trained Youth Leaders and Museum staff. So come out and join the fun!

Call 705 743 5180 to register. Check the website at [www.pcma.ca](http://www.pcma.ca) for more information.
