Though written with children in mind, Jake's music never underestimates children and truly is music that the whole family can enjoy.

A popular favourite at festivals from Vancouver to Halifax, Jake is currently touring Ontario in support of his latest album, *Ziggy Zaggy Road*, which has received a 2008 Parents' Choice Award (joining his two previous albums which have each earned this honour).

According to the Parents' Choice review, the new album is "wrapped in big, rich layers of guitars, horns and strings [while] Jake Differ's heartfelt songs go sailing, reflect on the deeper meaning of gardens, and celebrate todays."
